Atelierhaus  
Salzamt

## PREFACE

Atelierhaus Salzamt is a cultural institution of the city of Linz that was established in 2009. Its aim is to promote international artistic exchange in the field of contemporary arts.

Centrally located directly on the Danube, the house serves as a living and working space for local and international artists. It comprises five apartments, nine studios and an exhibition space.

The goal of Atelierhaus Salzamt is to give artists the opportunity to work in a new environment, free from their usual daily routine, and to collaborate and exchange ideas with their peers. For this purpose, they are provided with an apartment and studio as well as a grant to cover their living expenses.
